71ST STREET MULTI-USE TRAIL FROM LAKEKNOLL DRIVE TO HAGUE ROAD

RebuildIndy is Mayor Greg Ballard's initiative to transform the city through investment in infrastructure improvements to restore deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as address neighborhood drainage and flooding issues and demolish unsalvageable abandoned homes that pose a public safety threat to neighborhoods.

These construction projects will create local jobs and ultimately increase public safety for neighborhoods and residents, which supports Mayor Ballard's commitment to make Indianapolis a more livable city.

PROJECT SCOPE

The Department of Public Works (DPW) has an infrastructure improvement project planned for the northeast side of Indianapolis. The 71st Street Multi-use project will include the construction of a shared path along 71st Street from Lakeknoll Drive to Hague Road. Planned improvements include construction of a new multi-use path, crosswalks, ramps, new pedestrian signals and curb repair. Project improvements will increase pedestrian safety and connectivity between area businesses and neighborhoods.

Construction is scheduled to begin Spring 2014.
